

TAMUZ[®]

BROADCAST MONITORS

PRESS RELEASE

New Canadian Representatives

10.02.2010

TAMUZ is pleased to announce the official addition of Pierre Louis Landry and Richard Baker both of Incospec Communications, Inc. to our base of reps covering Montreal, Toronto and parts of the Caribbean. Having just finished a seminar series in Nova Scotia they are now preparing a road show for Toronto and Montreal in early March.

Incospec has listed TAMUZ as the Sponsor for "Reference Video Monitors 101, a seminar to be given by Pierre who is former past President of SMPTE Canada, a position he held for five years and Richard Baker, Business Development Manager for Incospec who has been a great asset in making all this happen. Richard also mentioned today that conversations and introductions with major cable stations etc. have already begun.

We are very excited to have these two broadcast experts on our team along with other members of Incospec Communications, Inc.
